emotion conveyed in the performance helps foreigners understand. Hotel transfer, overnight Lijiang.

#### **Day 04 Shangri La (Breakfast & Lunch)**

**Tiger Leaping Gorge**

You will get up early and enjoy breakfast, check out hotel and you will driven to Shangri-La county, on the way visit **Tiger Leaping Gorge**. Jinsha River flows into the narrow valley with a stone in the center, an ancient saying is that the gorge is so narrow that a tiger was able to leap over to the other side of the river, hence the name.

Continue to **Baishui Terrace**, one of the most important scenic spots, snugly situated on a mountain slope 2,380 meters above sea level. Spring water runs down from the top row by row to the bottom, like a white terraced field. Easy trekking accompanied by your guide. Locals believe the old tale that the two Gods of Naxi fluctuated such a terrace on purpose in order to teach the Naxi people how to make and cultivate a field.

**Baishui Terrace**

Head to Shangri la and visit **Shiluo Cave**, another legend tells that Dongba Shiluo master priest of Naxi Dongha culture once passed this place and was attracted by the nice view, so settled down to missionize what he just learned from Tibet, the cave is right where he practiced meditation and self-cultivation. Hotel transfer, overnight Shangri La.

#### **Day 05 Shangri La (Breakfast & Lunch)**

**Ganden Sumtseling Gomba**

Hotel breakfast, your private tour takes you to **Ganden Sumtseling Gomba**, also known as *Songzanlin Monastery*. Built in the style of the Potala Palace in Tibet, the magnificent monastery complex resides on top of a hill and consists of the two lamaseries. If you like, walk up the 146 steps that lead to the main prayer hall, giving insight into the pilgrimage route that generations of devotees take on the knees and foreheads every year.

Lunch served at a local restaurant.

Continue to **Shudu Lake** at an altitude of about 3,700 meters above sea level. The water is so clear that one can easily discern the golden lateral line that runs along the sides of the resident carp species, the Schizothoracinae Mountain carp, as they slither across the bottom of the lake.
